Segment Revenue Breakdown

Segment	Q2 2026 Revenue	% of Total
HAUL (Warehouse Logistics)	\$21,400	52%
ARM-7 (Manufacturing)	\$11,300	27%
GROVE (Agriculture)	\$7,600	18%
HOME (Beta / Other)	\$900	3%

CFO Commentary

Marcus Weill, CFO: "Q2 growth was driven primarily by expanded HAUL deployments with three new logistics customers in the Midwest. Gross margin improved to 45.0% from 42.5% a year ago as manufacturing yield improvements at the Reno plant took hold. We expect GROVE-2 launch costs to weigh modestly on Q3 margins before normalizing in Q4."
